Each ingredient in this proprietary
blend enhances the others and
works synergistically to produce
powerful healing qualities!

Cleansing Salve

The Challenge

The most common and most dangerous risk factor for every disease that affects Americans is **free radicals**. These are responsible for shutting down your immune system and can cause unbelievable damage to your body.

But what are free radicals?

Chemicals, pollutants, radiation, cigarette smoke, etc., can create these free radicals—unstable molecules that can attack cells, damage tissue and possibly lead to cancer.

So, what's the solution? Antioxidants!

Antioxidants are the super fighters that protect cells from free radicals. If antioxidants are unavailable or if free radicals are excessive, damage can occur. Vitamins A, C, and E are among the most powerful antioxidants.

And what combats swelling, tenderness, fever or pain? Anti-inflammatory agents!

The same agents as are present in the Cleansing Salve.

Healing Properties of the Cleansing Salve

Turmeric Powder

- Curcumin—main active ingredient in turmeric—has powerful anti-inflammatory effects and is a very strong antioxidant!
- Much research shows curcumin is able to stop cancerous tumors from growing and can, at a molecular level, help the body avoid developing cancerous tumors in the first place
- Highly anti-inflammatory—means reduces inflammation—allows your body to more effectively repair itself at a molecular level
- High in antioxidants—means helps ease oxidative damage as a result of free radicals in the body which cause harm to cells

Raw Shea butter

- Has amazing healing properties!
- A natural fatty substance extracted from the nut of the karite nut tree (Mangifolia tree)
- Raw or unrefined shea butter is the purest form and retains its vitamins, minerals and other natural properties, unlike heated or processed shea butter
- Contains plant antioxidants, such as vitamins A and E as well as catechins, all of which protect cells from free radicals and environmental damage
- High content of vitamin A means it is effective in promoting healing and disinfection
- Research has proved its anti-inflammatory qualities prevent development of tumors
- Often used as a base in medicinal ointments due to its anti-inflammatory properties

Educational Purposes Only

Bentonite Clay Powder

- A “healing clay” that cleanses and heals, detoxifies the body and defends against illnesses
- Boosts immunity by killing harmful bacteria and viruses and can reduce inflammation
- Helps to expel many toxins such as mercury, cadmium, lead and benzene

Grapefruit Essential Oil

- Rich in antioxidants—means it contains a wealth of vitamin C which boosts the immune system and fights against free radicals
- Known as a disinfectant (antiviral and antimicrobial properties), antiseptic, and a health tonic which tones up all the organ systems in the body
- Ensures healthy lymphatic system, boosting its activity, thereby clearing the body of toxins

Lavender Essential Oil

- Known as “nature’s antioxidant super hero”
- Research found it protects cells from damage that can lead to cancer

Extra Virgin Olive Oil

- Contains powerful antioxidants known as polyphenols
- Considered an anti-inflammatory and helps fight cancer

Frankincense Essential Oil

- An anti-inflammatory which reduces pain
- Boosts immunity and helps fight cancer
- Antiseptic and disinfectant which helps eliminate bacteria, viruses, and germs

Geranium Essential Oil

- An anti-inflammatory, antiseptic, antibacterial to help protect the body from infection
- Promotes new cell growth and fights nerve pain when massaged into skin
- A blood clot inducer to help wound or incision healing, keeping toxins from entering the body

Chamomile Essential Oil

- Antispasmodic, antiseptic, antibiotic, analgesic, bactericidal, anti-inflammatory, anti-infectious
- Helps to remove toxins and agents that cause infections
- Detoxifies the blood which can help cure viral infections

Healing Qualities of the Cleansing Salve

Anti-Inflammatory

- Turmeric • Raw Shea Butter
- Bentonite Clay Powder
- Extra Virgin Olive Oil
- Geranium Essential Oil
- Chamomile Essential Oil
- Frankincense Essential Oil

Antioxidant

- Turmeric • Raw Shea Butter
- Grapefruit Essential Oil
- Lavender Essential Oil
- Extra Virgin Olive Oil

Detoxifying

- Bentonite Clay Powder
- Grapefruit Essential Oil
- Chamomile Essential Oil

Boosts Immunity

- Bentonite Clay Powder
- Grapefruit Essential Oil
- Frankincense Essential Oil

Fights Cancer

- Turmeric • Raw Shea Butter
- Frankincense Essential Oil
- Lavender Essential Oil

Boosts Lymphatic System

- Turmeric
- Grapefruit Essential Oil
- Frankincense Essential Oil
