

Educational Purposes

Healthy lymph system crucial to detoxify!

Gives blood abundance of oxygen to the lungs!

Fights coughs, respiratory infections, and asthma!

Potent killer of viruses, bacteria, fungus in lymph, blood, and organs!

Our **Immuno Boost** product has a special mixture of ionized alkaline water 9.0 pH and raw silver. Both have a negative charge, which creates negative ions that have the ability to electromagnetically pull viruses and bacteria from your cells to be eliminated. The **Immuno Boost** molecules are so small, they absorb into your cells in 60 seconds, bringing a super-charge of oxygen and a negative charge.

Hear a story of the early American settlers. The main source of water was hand dug wells. However, sickness and disease played havoc on the townspeople. Solid silver coins were then put into the wells. Silver acted as a natural killer of bacteria and viruses thriving in the well water. So too, infected cells in the human body will be picked up by silver ions attracting them electromagnetically and sending them into the bloodstream to be eliminated.
